COAL! COAL!

THE LOUISVILLE AND NASHVILLE RAILROAD COMPANY have made arrangements with the mines on the line of their road in Kentucky to furnish coal at very low prices, any amount of coal that may be required for consumers in the city of Memphis. This company proposes to furnish coal at the coal mines with a very low rate of transportation added; the difference in price at wholesale and retail will only be sufficient to cover the additional expenses and waste incident to the latter trade. The prices given are for coal on board our cars or from yard at depot. We are erecting a scale at the depot on which all coal sold at retail will be carefully weighed, and 10 barrels or 180 pounds of coal furnished as a cart-load. As soon as we perfect our arrangements, tickets calling for such loads will be placed on sale at the company's ticket office, corner Main and Madison streets, also Cashier's office at depot. The price will for the present be: For 10 barrels or 180 pounds of merchantable Kentucky Lump Coal, deliverable on our cars at depot before September 1, 1882, \$2.50. If consumers wish to secure tickets for delivery beyond that time and before May 1, 1883, we will sell such tickets for \$3.25. Our Nut Co. 1, which is specially adapted for steam and cooking purposes, we will furnish at 25 cents per hundred less. Special contracts will be made with manufacturers, dealers, or any person wanting by the carload or more, delivered on cars at any point accessible by rail in the city. For the present we do not propose to deliver by cart or wagon, believing that we will by this course build up a lively competition in that line which will enable consumers to procure very cheap cartage. This company has adopted this method of placing this coal on your market without any profit to themselves except such as may result from a low rate of transportation. If met by consumers in an appreciative manner, they will be glad to stay; and while they reserve the privilege of a change in price at any time, yet we believe we have named future minimum and maximum prices for coal in Memphis. This coal has its proper standing on the markets of other cities—IT MUST HAVE IT AT MEMPHIS. For further information relating to retail department call at either named, or for wholesale contracts call on the undersigned at depot, or Captain J. M. Wollard, General Freight Agent, corner Main and Madison streets.

T. L. LEE, Coal Agent, L. & N. R. R.
SPECIAL: Our prices are open and common to all, and while our present contract does not extend to all the mines on the line of our road in Kentucky, if the consumers desire the coal from any special mine or mines, we will deliver such coal at our published prices, provided such mines do not charge us more than what our coal is furnished at by other mines named.

THE TRAMPS

Still Walking Their Circuitous Way.

The six great walkers are moving along at a steady jog. They attracted a considerable crowd, including a number of interested lady spectators.

At eleven o'clock to-day the party were in the 39th hour of their task, and still had 84 hours to tug away upon. At the time named O'Leary and Causton were off the track for rest and refreshments, and the others were moving at an easy pace. The score at eleven stood as follows:

O'Leary, 134 miles.
Hart, 156 miles.
Dale, 133 miles.
Downey, 132 miles.
McCormick, 151 miles.
Causton, 138 miles.

TWELVE-THIRTY.

O'Leary, 139.
Hart, 158.
Dale, 136.
Downey, 136.
McCormick, 153.
Causton, 144.

A TANBARK TANGLE.

A Lady Who Can't See How Men Can Walk Two Days on the Same Spot.

An Adams street man went down to the Exposition building last night, and became so much interested in watching O'Leary and the other tramps make the tanbark fly, that he forgot the time and didn't reach home until midnight. His wife, who never saw a walking match, and whose experience of pedestrian contests has all been gained in trying to keep up with her husband when on the way to church, wanted to know where he had been.

"To the walking match," he replied.

"What walking match?"

"Why, at the Exposition building."

"How can that be, when they were advertised to start from the Exposition building at 8 o'clock Monday evening?"

"The notice said they would start at the Exposition building, not 'from it.'"

"Well, it's all the same—and you say they are still there?"

"Certainly."

"Oh, yes, I see. Those men who walk seven or eight miles an hour will be several days reaching the end of the building. People who didn't know would think that building was two or three hundred miles long, and you couldn't make them understand they could pass it and be 178 miles out in the country by this time. Who would have thought there was so large a building in Memphis? Oh, yes, I see how it is now," sarcastically remarked the lady.

"But you don't seem to understand. They walk round and round the inside of the building. They don't walk in a straight line."

"Then, maybe you can tell me who is ahead?"

"No, I forgot to look at the scores," he replied.

"So you call men who walk scores, do you? And you went down to see the walking match and forgot to look at the walkers so you could see who was in the lead? What an observant man you are!"

"My dear, you don't understand it yet. You see the scores show how many miles each man has made. He has to go around the ring just so many times to make a mile, and so you see, it is the man who makes the most laps who gains the prize."

"Laps! Man, this is too much. When it comes to that I am indeed a wretched wife," and the poor woman sank down and wept. Jones gave up trying to explain and went to bed in despair.

The Weather.

WASHINGTON, April 26.—For Tennessee and the Ohio valley, partly cloudy weather and rain, with east to south winds, stationary to lower barometer and stationary temperature. For the Lake region, partly cloudy weather, with occasional rain and variable winds, lower barometer and stationary temperature. For upper Mississippi valley, partly cloudy weather with occasional rain and variable winds; falling, followed by rising barometer, stationary or lower temperature. The Missouri valley generally will have fair weather and winds, and mostly westerly to higher barometer, stationary or lower temperature. The rivers will remain nearly stationary.

Attempted Robbery.

St. Louis, April 26.—John Dean, a young boy, in charge of the Chicago & Alton telegraph office at Centralia, Mo., was chloroformed and tied, last night, about 11 o'clock, by two unknown men. They put out the lights, and were obliged to leave without any booty.

THERE are over \$600,000 in the State treasury and the bondholders are after it. They will find hearty co-operation in both Houses.

It has been established to the satisfaction of some of the papers that Jesse James was a delegate to the convention at Nashville which nominated Governor Porter the first time. Next we shall hear, when the whole truth comes out, that he was lobbying around the last Legislature in favor of the 100-3 bill.

THE House bill to remit taxes assessed for 1882 to pay interest on the 100-3 bonds was defeated in the Senate yesterday, on the grounds that the Governor will call another special session, and that the money will yet be needed. The people may as well dance up with their taxes. This Legislature intends to find use for all that can be raised, and more too.

A MAJORITY of the committee appointed to examine into the question of Senator Barrett's alleged resignation reported a resolution yesterday declaring his seat vacant. A resolution in lieu declaring that Barrett had a right to withdraw his resignation, was adopted by a vote of 11 to 8. That settles it. Barrett is still a member of the Senate and will be on hand to contribute his vote at the next extra session in favor of any measure that Governor Hawkins, R. R. Butler and the bondholders may recommend. He is likely to serve a useful purpose, and one only. His weakness and debauchery indulged in, and proved, will quicken the public mind and make people more particular in the selection of men to make laws and settle grave questions.

The Bondholders' Proposition.

The following is a list of those who have united with Mr. Eugene Kelly in the 60-4-5-6 proposition:

Eugene Kelly, \$220,000; E. D. Morgan, \$150,000; N. B. Ballamoz, for self and others, \$1,000,000; G. Geddes & Smith, \$1,100,000; S. C. Schumaker, \$1,100,000; McKee & Swi, \$1,100,000; McKee & Swi, for Joe Baker, \$1,000; John Humphrey, \$25,000; A. Kolin & Co., for themselves and as attorneys, \$485,000; Mrs. J. L. Newcomb, per W. H. Pomroy, \$44,000; H. W. Smith, per W. H. Pomroy, \$23,000; M. F. Merritt, per W. H. Pomroy, \$20,000; W. H. Pomroy, \$20,000; Mrs. Caroline Atwater, by R. H. Atwater, \$50,000; J. Waxaloun, \$22,000; Julius Wadsworth, \$250,000; W. A. Street, \$50,000; E. L. Froul & Co., for themselves and others, \$170,000; F. M. Bimer, \$50,000; J. Milbank, \$10,000; Joseph Milbank, by J. Milbank, \$10,000; A. Klemm, by J. Milbank, \$10,000; Fred White, for self and others, \$80,000; George H. Andrews, \$60,000; Franklin Chase, \$50,000; Frank Vincent, \$13,000; E. C. Wellford, \$50,000; S. B. Chittenden by S. B. Chittenden, Jr., \$90,000; Haphael Renz, \$50,000; estate of Thomas Messenger, \$70,000; Whithouse & Co., \$135,000; Charles Higginson, \$50,000; P. Geddes, \$28,000.

The following have concurred by letter:

T. F. Andrews for self and others, \$140,000; Elias D. Kennedy, \$135,000; Waitland, Phelps & Co. \$110,000; the Seaboard Bank for Savings, \$100,000; Chas. Pfizer & Co., \$26,000; W. Hubbard, \$40,000; estate of Geo. N. Hubbard, \$21,000; Tharlow Geo., \$20,000; Van Schaick & Co., \$80,000; W. S. Williams, \$70,000; E. B. Wisley, \$50,000; Mrs. S. R. Rowalski, \$10,000; Chas. White, \$26,000; W. B. Franklin, \$48,000; E. K. Hunt, \$30,000; W. J. Lucas, \$73,000; F. E. Smith, \$60,000; H. Amy & Co., \$17,000; Geo. D. Resingard, \$17,000; Thos. I. Wilson, \$12,000; Jas. Ryan, \$18,000; Elizabeth T. Floyd, \$60,000; Ward B. Hazeltine, \$60,000; Lawrence Thompson, \$14,000; C. P. B. Jeffers, \$22,000; P. H. Jeffers, \$12,000; E. R. Miller, \$40,000; W. Hamilton Miller, \$70,000; T. A. Dugan, \$10,000; Jacob Green, \$10,000; C. Jagard, \$17,000; W. E. Abbott, \$30,000; L. Somerville, \$10,000; Hy Richmond, \$40,000; Lucy C. Whitlock, \$30,000; O. W. Graves, \$10,000; Robert E. Livingston, \$40,000; United States Trust Company, \$30,000; A. Omdorck, Jr., \$10,000; Z. Chaffee, \$65,000; Jo. Beesly, \$13,000.

In speaking, this morning, of the probability that Governor Hawkins would call a special session of the Legislature to consider the new proposition of the bondholders, a prominent gentleman remarked that if the present Legislature settled the debt at 20-2, the people, who are absolutely disgusted, would refuse to ratify it.

Rickety.

Serious fears are entertained that the County Courthouse may tumble in. The portion in which the Criminal Courtroom and Clerk's office is situated is the safest part of the building and is really stronger than before. In numerous places, however, the walls are cracked and bulging, and it is evident that something ought to be done at once. Too many of the props were removed in transforming a good hotel into a rickety Courthouse. What a sad spectacle it would be to watch the hollow politicians viewing the ruins, if the old shanty were to tumble in.

INDIAN OUTRAGES.

Town Completely Destroyed by Them.

Thirty-Five White People Massacred.

SAN FRANCISCO, April 25.—A Shakspeare, N. M., dispatch telegram just received from the operator at Stein's Pass, reports that the town of Guallegsville, in Arizona, just over the New Mexico line, was burned and completely destroyed this evening by Indians. Thirty-five white people were killed. The Indians are scattering into small bands and making for Chiricahua mountains. Forsythe, with his entire command, is in pursuit.

BERLIN, April 26.—General Skobelev is dangerously ill.

INDIANA ELECTION LAWS.

An Important Change Affecting the Election of United States Senator.

TERRE HAUTE, April 26.—The Evening Gazette prints an editorial article to-day, disclosing the fact that by the alteration of the constitutional amendment changing the date of the State election from October to November, fifty members of the State Senate, the whole number, are to be elected this fall, instead of twenty-five as heretofore. The term of office of twenty-five of them, however, will not begin until the expiration of the terms of their predecessors, which occurs a few days before the November election in 1884. This is deemed important, as a United States Senator to succeed Voorhees is to be elected in the winter of 1884-5, and this unexpected catch in the law precipitates that contest in part this fall. The Democrats claim it as an advantage for them.

Two Men Drowned.

ST. LOUIS, April 25.—While preparations were being made this evening to examine the mouth of Mill Creek sewer, to ascertain the cause of the overflow last Saturday evening, which worked such destruction to property in the lower part of the city, two laborers, Peter McManara and Thomas King, attempted to land a float at the mouth of the sewer, but their craft was drawn under some barges lying near by and both were drowned.

California Races.

SAN FRANCISCO, April 26.—The first day of the spring meeting of the Pacific Blood Horse Association at Bay District Park, the weather was fine, the track in excellent condition from a light rain yesterday and the attendance good.

First Race—California stakes, half mile dash, for two year olds; thirty entries. Won by Gans, Panama second, Low Spencer third. Time, 0.51.
Second Race—Colts' stake, mile and a quarter, free for all; six entries. Won by Atlanta, Precious second, Night Hawk third. Time, 2.11.
Third Race—Winter's stake, mile and a half, for three year olds; eighteen entries. Won by Duchess of Norfolk, Forest King second. Time, 2.30.
Fourth Race—Coquette stake, for maiden fillies three year olds, mile and one eighth; four entries. Won by Marie F., Hattie B. second. Time, 1.55.

Fire.

ST. LOUIS, April 26.—News was received here at 1:30 o'clock this morning that the Nail Works at Belleville, Ill., burned late last night. Loss, \$20,000; insurance about half that amount.

Wall Street.

NEW YORK, April 26.—Stocks opened weak and fell 14 per cent lower, the latter in Erie preferred. In the early trade an advance of 1 to 2 per cent was followed by a decline of 1 to 1 per cent, Lake Shore, Louisville & Nashville and New Jersey Central being the most prominent. At 11 o'clock a recovery of 1 to 2 per cent took place. Foreign orders are about equally divided between purchases and sales. Any further advance in exchange will probably produce shipments of gold. Quite an amount of loan bills coming due Saturday are likely to be renewed. There is some talk that dividends on Northwestern will be increased in June. The stock was scarce yesterday.
